89,000€

This boat is available in October 2025 & can be visited at the NICOLS base in Le Smail (Département 11/ Languedoc-Roussillon).

With its vast front cabin equipped with numerous storage units, an office space and direct access to a private bathroom, it will delight skippers looking for a spacious and comfortable interior. It has a aft terrace which is leveled with the living quarters (access via a large sliding bay window) and enjoys a deck saloon for outdoor dining. Ontop it is equipped with a sun awning, if you need protection from the rays! Also to the aft is the classic gate enabling wide access from a jetty to the terrace. But the Estivale range has its own « plus »: two side gates, moulded into the hull, have been added to facilitate side descent from the boat. Highly practical, particularly for [?]wild[?] mooring! Simply lay the gangway to disembark onto the bank! Access to the roof solarium is gained via a moulded stairway + handrail (for comfort and security). The upper deck offers a second jet-ski-style [?]collapsible[?] cockpit to facilitate its use while seated on the bench. To the fore of the boat, a second small terrace moulded into the hull offers a bench and table to make the most of an unobstructed view of the river while sailing. Finally, there is extensive onboard equipment to ensure great comfort: 220 volt shore power supply, swimming ladder, etc

The Nicols Yacht boatyard is:

A French builder / charterer, with 35 years of experience,
a varied range adapted to customer demand,

new models and continuous innovations,

an elegantly designed, sophisticated fleet,

bright, spacious and airy cruisers,

Boats suited to families, with maximum safety

Bases on a human scale (exclusive to NICOL[?]S ®)

Presence in the most beautiful regions of France, Germany, The Netherlands, Hungary and Portugal

Maintaining your boat

Our river cruisers are rigorously maintained throughout the season, with dry storage every winter, or an examination and full, meticulous service of the deck and hull are performed, accompanied by anti-fouling.

The NICOLS®-boatyard is:

A French builder and charterer, with 35 years of experience,

a varied range adapted to customer demand,

new models and continuous innovations,

an elegantly designed, sophisticated fleet,

bright, spacious and airy cruisers,

boats suited for families, with maximum safety

nautical bases on a human scale (exclusive to NICOL[?]S ®)

and presence in the most beautiful regions of France as well as in Germany, the Netherlands, Hungary and Portugal.

Our river cruisers are rigorously maintained throughout the season, with dry storage every winter where an examination and full, meticulous service of the deck and hull are performed, accompanied by anti-fouling.

The advantages of NICOLS® service:

Thanks to our network of bases across France, some bases can offer you their services. They have the benefit of full knowledge of our boats combined with real expertise, providing the following:

Mooring your boat,

Wintering with repairs, etc.

Fitting additional equipment

Obtaining your licence

After Sales Service / Spare parts:

Since NICOLS® is a builder and charterer, we have a warehouse within our boatyard containing spare parts and other accessories. We remain at your disposal at all times to offer you advice and services.

The annual maintenance budget:

The fact that NICOLS® boats are designed with a polyester hull means they have a very low maintenance budget; their simple, practical and rational design, originally created for charter, also contributes to this low maintenance cost.

As an owner, you should plan to have your boat serviced on land every 3 to 4 years. Other than that, in the same way as

CASTELNAUDARY Estivale

Quattro B+
